

Revised EDD rates

The 2008 California Personal Income Tax (PIT) schedules have been revised to correct the publishing error in the 2008 California Employers's Guide. The revised schedules are for the Method A Single and Married Persons. The errors appeared in some withholding ranges provided by the Franchise Tax Board and may amount to slight under-withholding for some employees.

The revised schedules may be downloaded from the EDD's Web site, www.edd.ca.gov.
